

CENTRAL BANK OF NIGERIA

GUIDELINES FOR DIRECT DEBIT SCHEME IN NIGERIA, 2017

(REVISED)

JANUARY 2017

INTRODUCTION

In the exercise of the powers conferred on the Central Bank of Nigeria (CBN) by Section 2(d) and 47(2) of the CBN Act 2007, to promote and facilitate the development of an efficient and effective payments system in Nigeria, the CBN hereby issues the following Guidelines for Direct Debits Schemes in Nigeria, 2017.

These guidelines supersede the previous Guidelines for Direct Debits issued by the CBN. This version recognizes the existing and emerging multi-channel options (Online platforms, Instant Payments etc.) applied for Direct Debit instructions in Nigeria. In addition, the provisions of these guidelines are harmonized with developments in the payments system since the release of the last version.

Direct debit is a cashless form of financial settlement which facilitates recurring payments. It permits the originator of the instruction, known as 'Biller', to collect amounts due from a payer through the payer's bank by leveraging an instruction or mandate provided by the payer. Banks are not responsible for any underlying contract as it is a method of collecting payments. A Biller wishing to join the scheme will typically contact its bank or payment service provider. The service may be deployed on channels provided by the Biller through its bank or Payment Service Provider.

Refer to Appendix 1 for definition of terms.

2.0 PARTICIPANTS & THEIR ROLES

The process typically involves five parties –

- Biller,
- Biller's bank,
- Payer,
- Payer's bank
- Payment Service Provider

2.1 BILLERS

- 2.1.1. The Biller must obtain the authority of the Payer (the mandate), either in paper form or electronic form, duly authenticated by the Payer's bank
- 2.1.2. The initiation of a transfer must comply strictly with the terms of the mandate executed by the Payer.
- 2.1.3. Billers shall execute the Direct Debit Indemnity with any bank that originates its transaction. A Biller must be prepared to accept any valid

indemnity claim from the payer, arising from amendment or limitation clause that is included in the Direct Debit mandate.

- 2.1.4. A Biller must be assigned a unique Identifier for use as part of the set-up process for Direct Debit. The unique identifier which certifies the Biller as being subject to these rules is to be derived from the Billers RC Number and relevant service code e.g. 12346/01
- 2.1.5. On receipt of the mandate, the Biller becomes entirely responsible for collecting payments due via Direct Debit. A Biller cannot require the Payer's Bank to settle by any other means except with the payer's consent.
- 2.1.6. It is the responsibility of the Biller to ensure that Direct Debit are initiated strictly within the terms of the mandate and within the terms of any notice given to the Payer. Biller information quoted on a Direct Debit must be the same as that quoted on the mandate.
- 2.1.7. Any change in the terms of a fixed mandate will require cancellation of the existing mandate and issuance of a new one.
- 2.1.8. The Biller is expected to consult the Biller's Bank before making any changes to its name or constitution, or information quoted on an authority. The Biller's bank may require the Biller to give notice of such change to a Payer and/or Payer's Bank.
- 2.1.9. If a fixed payment fails, then the Biller's bank is prohibited from collecting arrears via Direct Debit. The prohibition does not extend to the re-presentation or in situations where the Biller has adequately notified the Payer.
- 2.1.10. Billers must maintain documentation received from Payer or Payer's bank for ease of reference and to ensure that payments made under separate mandates are not merged or mixed up. This documentation must be maintained for as long as the mandate is active. Documentation on expired mandates should be subject to minimum retention period stipulated by law.
- 2.1.11. It is the responsibility of the Biller to notify the Biller's bank/ service provider (as applicable) of receipt of the notice of cancellation.
- 2.1.12. The Biller must pay promptly if a claim is raised by the Payer, for successful debits after mandate cancellation.
- 2.1.13. A Biller shall give an Advance Notice as agreed with the Payer in respect of a Variable Mandate

2.2 BILLER'S BANK

- 2.2.1. Biller's bank must be a member of the clearing system or integrated with Payment Service providers that accept Direct Debit for processing.
- 2.2.2. The Biller's bank shall hold an account for the Biller to receive proceeds of Direct Debit.
- 2.2.3. It is the responsibility of the Biller's bank to give information, advice and guidance on all aspects of the scheme to the Biller.
- 2.2.4. The Biller's Bank must have an executed Direct Debit Indemnity in place for the Biller before commencement of any transfer under this scheme.
- 2.2.5. The Biller's bank/ service provider (as applicable) has responsibility to accept cancellation of a mandate ONLY from the biller.

- 2.3.1. The payer must execute a physical or electronic mandate in order to participate in the Direct Debit Scheme.
- 2.3.2. A Payer can cancel a mandate at any time by advising the Biller in writing or via provided electronic channels subject to prescribed cancellation notice (14 calendar days or at the end of the current billing cycle).
- 2.3.3. A Payer can exercise a right to cancel a mandate by advising the Payer's bank in writing or via provided electronic channels subject to prior notification to the biller that was not honoured
- 2.3.4. A Payer shall raise a claim through the Payer's Bank against the Biller in the event a debit transfer goes through after mandate cancellation.
 - a. Adequate notice must be given to avoid a situation where a notice of cancellation is received by the Payer's bank and the Biller; but not acted upon before the next due date of payment. For recurrent payments when prepayment is made before provision of service, this risk is well mitigated.

2.4 PAYER'S BANK

- 2.4.2. The Payer's bank must obtain the authority of the Payer either in paper form or electronic form before activating a Direct Debit mandate on the Payer's account.

- 2.4.4. Payer's Bank must not subject subsisting mandates to further customer confirmation at the point of payment.
- 2.4.5. The Payer's bank is obligated to forward a report of all unpaid Direct Debits as a result of insufficient funds on a monthly basis to the licenced credit bureau and credit risk management systems
